Both the Green Cone and Green Johanna have been designed to take ALL your cooked and uncooked food waste including meat and bones. The Green Johanna also accepts garden waste and produces rich compost.

## how they help THE HOUSEHOLDER

- Waste is disposed of quickly before it becomes smelly.
- With no food waste in your bin other rubbish is dry and easy to recycle.
- Safe for you and your pets.
- Easy to set up and maintain.
- Reduces your household carbon footprint.

## how they help THE ENVIRONMENT

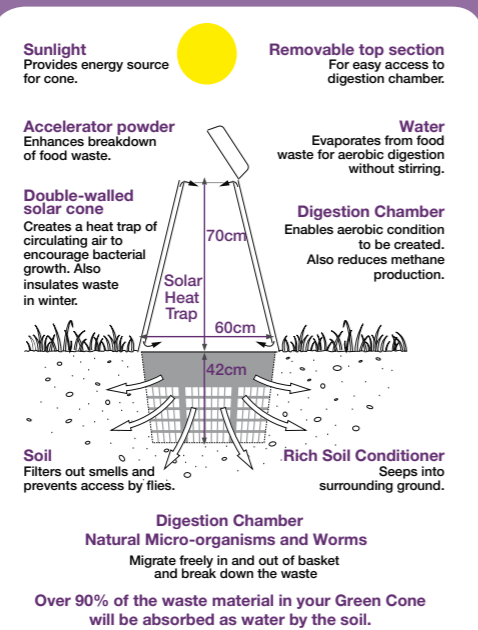

- Save up to 25% of household waste being collected.
- Make recycling household waste much easier.
- Reduce the need for landfill and centralised composting /incineration.
- Less food waste in landfill means reduced greenhouse gases.

## Green Cone Food Waste Digester

Green Cone is an unique and environmentally-friendly solution for disposing of household food waste. The unit accepts all cooked and uncooked food waste including vegetable scraps, meat, fish, bones, dairy products and other surplus organic kitchen material. Nature does the rest, reducing the Cone's contents to its natural components of water and carbon dioxide with minimal residue.

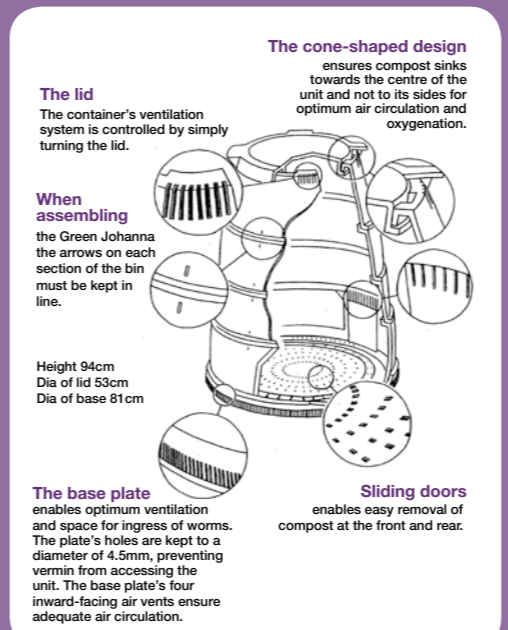

Designed for a sunny position in a well drained garden, a Green Cone is suitable for use by an average family of four people. The unit's digestion chamber may need emptying every few years.

## Green Johanna Food Waste Digester / 'hot composter'

Green Johanna is an environmentally-friendly solution for producing rich compost from household food waste mixed with organic garden material. The unit accepts all cooked and uncooked food waste including vegetable scraps, meat, fish, bones, dairy products and organic garden waste such as plants, leaves and grass cuttings.

Designed for a shady position in the garden, the Green Johanna's unique ventilation system enables the contents to reach significantly higher temperatures than traditional garden composters, breaking down waste faster.

### Eligibility

**This offer is only applicable to residents of Wiltshire Council**

### How to Order

1. Complete the form overleaf and send with your payment to Green Cone Ltd, or
2. Phone 0800 019 2064 and place your order with the Green Cone staff, or
3. Buy on line at [www.greencone.com](http://www.greencone.com)

**Important Note:** When filling in the order form or phoning, remember to quote the "scheme reference code" quoted on the fact sheet or obtainable from your co-ordinator. When buying on line, at the check-out stage under "**Additional Information**" select other and type in the "scheme reference code"

### Prices

The price you pay will be the same regardless of whether the units are delivered to your house or to a central location, which will be agreed with the scheme co-ordinator, from where you will be able to collect them easily. However if units are delivered to a central location, the donation made by Green Cone to the chosen cause or charity in your community will be increased from £2.50 to £5.00 per unit.

### Delivery

Delivery will be effected within 28 days but if you have chosen to collect the unit there may be a slight delay while orders from a number of other buyers are collected. The minimum number of units for delivery to a central location 10 Green Johannas or 30 Green Cones. Your scheme co-ordinator will be able to keep you informed of the position on orders at all times.

### DATA PROTECTION ACT

Wiltshire Council is the data controller for the purposes of the Data Protection Act 1998. Your contact details will be passed to Wiltshire Council to enable you to purchase the Green Cone or Green Johanna at a subsidised price. The information will be treated confidentially at all times and will not be disclosed or sold to a third party.
